Uttar Pradesh: The Director of Uttar Pradesh State Archives has been instructed by the Government of Uttar Pradesh to submit report on International Archival Conferences to the Director, National Archives of India as and when he attends such Conferences.

5.2.8.16 Recommendation II: The Commission resolves that the Government of India be requested to treat the National Archives of India annexe as a functional building and give top priority to its construction, which is absolutely essential for the National Archives of India to effectively discharge its responsibilities, and particularly to implement the Archival Policy Resolution which requires to accept the custody of millions of the non-current public records lying scattered and neglected in various Ministries/Departments of the Government of India.

National Archives of India: The revised estimate for the 7 storey tower block (stacks) with its connection with the existing building, Electric Sub-station etc. as per decision taken in the inter-Department meeting held on 23.2.81 yet awaits necessary Administrative approval and Expenditure Sanction of the Government.

5.2.8.17 Recommendation III: The Commission notes with regret that inspite of its earlier recommendation, vide Resolution No.IV of its 31st Session held in 1955 and Resolution 3(A) of the 36th Session held in 1961, the Government of India had not so far made arrangements for the manufacture of the Standard Quality Paper recommended by the Indian Standards Institution in consultation with the National Archives of India, with the result that the Union and State Governments as well as others, were obliged to use low quality paper for their permanent records. The Commission, therefore, strongly recommends that urgent measures be adopted either for manufacturing this paper in India, as in the long-run the use of quality paper for permanent records would not only prove more economical but is absolutely essential, keeping in view the importance of these records for the future generations.

National Archives of India: Clear and firm guidelines to be followed by the Ministries/Departments for the use of good quality papers for the records of permanent value were prepared and sent to the Department of Culture for approval.
